

# Activity V1: Learning Vue

Re-submit Assignment

**Due** Feb 25 by 11:59pm      **Points** 5      **Submitting** a file upload

1. We will cover the introductory Vue material here: <https://github.com/BYU-CS-260/learning-vue> (<https://github.com/BYU-CS-260/learning-vue>). Rather than cloning the repository, I suggest copying and pasting the code and following along with the README files to be sure you understand each line and all of the concepts.
2. This material is taken from a good video series called [Learning Vue 2 Step by Step](https://laracasts.com/series/learn-vue-2-step-by-step) (<https://laracasts.com/series/learn-vue-2-step-by-step>). If you watch the videos, we are going through the material from Episode 1 through Episode 6.
3. There is good documentation on the Vue website, which I encourage you to use as needed throughout the semester.

Turn in one screenshot from each of the four lessons, showing it working.
