

# Pre-class Assignment

More AWS: Lambda Functions

## Getting Started with AWS Lambda

Read the paragraphs and watch the video at

<https://aws.amazon.com/lambda/>

## What is AWS Lambda?

<https://docs.aws.amazon.com/lambda/latest/dg/welcome.html>

## AWS Lambda Features

[https://docs.aws.amazon.com/en\\_pv/lambda/latest/dg/gettingstarted-features.html](https://docs.aws.amazon.com/en_pv/lambda/latest/dg/gettingstarted-features.html)

## What to learn

What is AWS Lambda?

What is the code you upload to AWS Lambda called?

How does AWS Lambda scale?

What do you pay for (EC2 instances, how long it takes your code to run, etc)?

What languages does AWS Lambda support?

What is a deployment package?
