Abstracting External Dependencies / Tech Choices, DAO / DTO (Pre-class preparation)

Due Mar 11 by 9am   **Points** None

Principles: Abstracting External Dependencies

Patterns: Data Access Objects, Data Transfer Objects

- Read:
  - Read the following brief tutorial for the Data Access Objects pattern:
    - **Data Access Object Pattern Tutorial (https://www.tutorialspoint.com/design_pattern/data_access_object_pattern.htm)**
  - In Safari Books Online, in the Agile Principles, Patterns, and Practices in C# book, read only the section titled "Databases, Middleware, and Other Third-Party Interfaces" in this chapter: **PROXY and GATEWAY: Managing Third-Party APIs (https://learning.oreilly.com/library/view/agile-principles-patterns/0131857258/ch34.html)**
